A CHAPTER OF ACCIDENTS

Proximity Residents Had An Unlucky Day

THE VICTIMS ARE DOING WELL

Carelessness With Dynamite Resulted Seriously at Proximity on Yesterday—Hand Badly Mashed.

The chapter of accidents at our little suburb to the north was rather a long one yesterday. One of the employes in the weaving room had a hand caught in the rollers and seriously mashed, but received medical attention and is not suffering seriously.

Fell Out of a Tree.

A boy named Sam Kirk was not able to resist the longing that every boy has to climb a tree and after getting up to to a considerable height fell out and dislocated his arm. Dr. Turner was summoned and set the limb successfully for him, and he is resting easily. He is now of the opinion that there is not any fun in climbing anyway.

Blown Up With a Cartridge.

A little boy named Henry Crawford, only seven or eight years old, went out to where some men were working in a well and secured one of the caps used to explode the dynamite cartridges in blasting, and carrying it home with him held it in his fingers and applied a match. It exploded tearing the thumb and first two fingers so badly that they had to be amputated. The other fingers were cut but can be saved. His face was badly cut also and a piece of the cap struck him in the left eye and it is thought he will lose the sight of it permanently.

Dr. Turner rendered surgical attention but the boy is suffering greatly still, especiellly with the eye. His people came here from Raleigh a short time ago and he is a nephew of W. R. Crawford of that city and a cousin of Stewart Crawford, at the insane asylum. His sister who is visiting in Raleigh was telegraphed for but could not come as she was ill.

Several other boys also secured caps from the same party of men. Of course they were not given to the children but they should not have been left where they would be accessible. Such carelessness approaches pretty closely to the criminal.

HE MISSED ONLY ONE QUESTION.

Fifty-Five Applicants Granted License to Practice Law.

The applicants for license to practice law yesterday must have been an unusually bright lot, since all of the fifty-five were successful, but few of them could have made a better showing than R. S. McCoin, who was prepared under own able Judge Dick.

We learn that Mr. McCoin missed only one question during the entire examination, and several times when a number of applicants were unable to answer a query, the right answer came from Mr. McCoin.

Mr. McCoin is a bright young man and a close student, and will doubtless prove an ornament to his profession. Success to him wherever he pitches his tent.

The Story of Lazarus.

The Atlanta Constitution says: "A colored exhorter, enlarging on impossibilities of rich men getting into heaven, is reported as saying: 'Look at Lazarus! When he was on de airth he ax Diwees for de crumbs dat fall from his table. En what did Diwees do ter him? He call his dog, moreover, en sick him on Latherus. Latherus put up a purty good fight, but de dog licked him! Den Diwees was so mad dat he took a fit and died, en when he wake up he fin' himself in hell fire, en he look troo de skylight en see Latherus en Father Abraham in a huggin' match. En he calls to Latherus ter turn on de water an' he pay de bill. En what did Latherus say? He des lean ober de banister en holler out: 'Go 'long, man, en shut yo' mouf. De water was cut off on de teth. Milk en hony am de bes' I got.'"

One of the Most Brilliant.

A private letter received here from Clarence Sherrill, who is at the West Point Military Academy, says: There is one thing that does me good and that is to see how well North Carolina men stand here. W. P. Wooten is second in the present first class and one of the most brilliant men here.

Mr. Wooten is a cousin of Prof. J. Y. Joyner, of the Normal and Industrial College here.

'Twas ever thus. North Carolina boys are always found in the front ranks. The old state has just cause to be proud of her sons.

POINTS FROM HIGH POINT.

Personal and Local Affairs Briefly Mentioned.

TELEGRAM BUREAU, HIGH POINT, N. C., Sept. 28, '97.

The family of A. J. Clark of Danville will move to the McKensie place the latter part of the week.

Mr. N. G. Kirkman, who has held a position in the store of W. H. Ragan & Co., for several years will put in a stock of Groceries in the building formerly occupied by J. T. Suits.

Several of our people were in attendance at Fife's meetings at Thomasville Sunday. They say his sermons are along the same lines as he preaches here. That he prophesies that that is the last outpouring of the Holy Ghost Thomasville will ever have. Large crowds are in attendance at every service.

Prof. J. B. Lee of Bingham School, Asheville, was in the city this morning.

L. P. McCloud, ex-cashier of the Western Carolina Bank of Asheville passed through enroute home on the morning train.

Trinity College News.

Special to THE TELEGRAM.

TRINITY COLLEGE, Sept. 28.

The first meeting of the Historical Society for this term was held in the chapel on last Saturday evening. Officers for the coming year were elected as follows: President, Dr. J. S. Bassett; Vice President, W. K. Boyd; Secretary and Treasurer, J. C. Wooten; Librarian, L. W. Crawford, Jr. Thirty new names were added to the already large membership. The literary feature of the evening was a well written and entertaining paper read by Dr. Bassett on "My Experience in the Study of History."

Many relics were added to the Historical Museum, which is rapidly growing to be among the best in the State.

The Y. M. C. A. was conducted on Sunday afternoon by Dr. Kilgo. The doctor's subject was "Sowing Seed in College." Thirty-five young men connected themselves with the Y. M. C. A. at this meeting.

Dr. Kilgo announced in chapel this morning that it would be necessary for him to take a few days' rest and vacation on account of his health. The doctor needs rest and we hope he will be greatly benefited by it.

Revival services began at Main street church last night, conducted by the pastor, Rev. G. A. Oglesby. Much interest is taken in these meetings by the students.

Mrs. Dread Peacock, of Greensboro, is visiting at Prof. Pegram's.

Prof. Mims returned from Greensboro this morning.

A Card.

David McDade, who belongs to the Dr. Blue Mountain Joe troupe now showing at West's park, asks us to publish the following note, addressed to the editor of the Salisbury Sun. An article in yesterday's Sun, says that Mr. McDade, who is known on the stage as Charlie McDade, had eloped with Miss Nancy Rex, of that place.

GREENSBORO, N. C., Sept. 28, 1897.

EDITOR SUN:—The article that appeared in Monday's issue that I was in Salisbury on Sunday, 29th inst., for the purpose of eloping with Miss Nancy Rex, is a mistake and furthermore without foundation.

I was in Salisbury on Sunday, but had no intention of any such as appeared in your paper. To set those wild rumors at rest, please inform the readers of the Sun that it is a mistake and said rumors are utterly unfounded. DAVID MCDADE.

NO RECIPROCITY FOR GERMANY.

Report that Ambassador White will Negotiate a Treat Officially Denied.

By Cable to THE TELEGRAM.

BERLIN, Sept. 28.—The statement published in the German newspapers to the effect that United States Ambassador White had been instructed to negotiate a reciprocity treaty between the United States and Germany has been pronounced absolutely unfounded.

Turkish Officials Arrested.

Republicans Convene in Gotham Today

ENDORSE BLACK AND M'KINLEY

Mayor Strong's Administration Passed Over in Silence—Committees Arrive at the Convention Hall.

By Wire To THE TELEGRAM.

NEW YORK, Sept. 28.—At 10 o'clock this morning the members of the provisional committees arrived at the convention hall.

At 12 o'clock Chairman Quigg called the convention to order. It was arranged that after routine business and temporary organization had been completed the convention would adjourn until tonight when the provisional city ticket will be placed in the field.

The platform to be adopted tonight will endorse the Raines liquor law in a guarded way and will endorse the St. Louis platform, McKinley's administration and that of Governor Black. Up to the time of this dispatch no mention has been made of Mayor Strong's administration.

HOOSIER MOB GATHERING.

To Lynch the Murderer of His Sweetheart, Tessie Mange.

By wire to THE TELEGRAM.

KOKOMO, Ind., Sept. 28.—A mob is forming in Grant county to come here and lynch Noah Johnson, who killed Tessie Mange, his sweetheart.

Additional guards will be immediately placed at the jail, together with extra arms and ammunition. Those of the prisoners who are trusty will be armed the moment the mob appears.

The local military will also be summoned in case of trouble.

BEER TRUST BEING ORGANIZED.

Nearly Every Great City Represented in The Meeting.

By Wire to THE TELEGRAM.

NEW YORK, Sept. 28—There was another meeting of the representatives of the biggest malting concerns in the United States here this morning. The purpose of the conference is to perfect the organization of a gigantic beer trust which is to be capitalized at thirty million dollars. The reason given for the combine is to stop cutting the prices on beer. Nearly every large city in the country has representatives here.

BRIEFLY WARM AT KLONDYKE.

Steamer Brings the Report that the Mining Settlement Was Burned.

By Wire to THE TELEGRAM.

VANCOUVER, B. C., Sept. 28.—The Union Steamship Company's steamer, Coquiltan, has just arrived from Kaguay. She brings the intelligence that Dawson City, the mining settlement at Klondyke, burned about three weeks ago. Some man were said to have come up the Yukon to Lake Bennett with the news and packers brought it from there by tho overland trail.

HAND CAR RUN DOWN BY A TRAIN.

Three Killed Instantly and Several Seriously Hurt.

By Wire to THE TELEGRAM.

ZANESVILLE, O. Sept. 28.—While Ed. Davis, William Menefee and Winfield Halsey section hands were going up the Muskingun Valley Railroad this morning to work, the hand car was struck by a train and the three men were instantly killed. Two others were seriously injured. A heavy fog was the cause.

Too Much Salt.

The New York Journal of Hygine discusses what it calls "the salt habit"—the excessive use of salt in food. Some salt is necessary in food, perhaps, but many persons take it on articles with which it is unnecessary. They want their meat, fish, potatoes, melons, butter, turnips, tomatoes; etc. positively salty. They hold that salt brings out the flavor and consider it in the same class of sugar—as a sweetener.

The result is that the skin and kindneys are excessively taxed to get rid the salt, and both are injured by it. Few people have healthy skins, and it is believed that many cases of derangement of the kidneys are due to the salt habit. There is a reaction against it in progress. But little salt is required by the human body, and those who know this are disposed to discard the voluntary use of it altogether.—Baltimore Sun.

THE PLATT SLATE SETTLED.

General Tracy Conferring With The Boss Today.

By Wire to THE TELEGRAM.

NEW YORK, Sept. 28.—General Tracy, ex-secretary of the Navy, is in the city early this morning conferring with Thomas C. Platt and other leaders prior to the nominating convention to be held at Carnegie Hall. Harmony prevails and the ticket selected last night will be nominated without opposition.

The slate is as follows: General Benjamin F. Tracy, for Mayor; Ashbel P. Fitch, for Comptroller; Ross Appleton, for President of Council.

The Show.

Dr. Blue Mountain Joe & Co. auspiciously opened the second week of their engagement at West's park, to a large and enthusiastic audience.

The usual good program was presented. Tonight a special feature program is announced, including the laughable pantomine, 'Humpty-Dupty,' which is guaranteed to be a sure cure for the blues, and the rip-roaring afterpiece, "Razor Jim," with Eddie McDade as the coon.

Songs, specialties and music will also be introduced. Admission free. Seats 10 cents.

Old Ladies Home in Ashes.

By Wire to THE TELEGRAM.

NEW HAVEN, Conn., Sept. 28.—The Old Ladies Home here burned this morning. One woman was nearly burned to death, as she was insensible from the effects of the smoke when rescued. A little boy was tossed through a window and caught by a policeman on the ground.

No New Cases Up To Noon.

By Wire to THE TELEGRAM.

NEW ORLEANS, Sept. 28.—The board of health of this city has received no reports of new cases up to noon today. No deaths have been reported. A number of suspicious cases are under investigation.

How to Prevent Accidental Fires.

1st. Keep the leaves swept from the valleys and gutters of your house—a spark may ignite them.

2nd. See that your flues are in safe and sound condition.

3d. Use metal vessels exclusively for taking up ashes and let them stand 24 hours before emptying, or empty on ground apart from any fence or building.

90 per cent. of dwelling house fires result from sparks on roof, defective flues, and taking up ashes in wooden vessels.

GREAT Britain is adopting American baseball tactics in the sealing question, kicking against the umpire.

EMPEROR WILLIAM will probably let up on the osculatory process while he examines the underpinning of his throne.

DESPITE recent developments, Senator Tillman may justly claim to be the most "original package" in South Carolina.

THE paper trust will, unfortunately, not increase the cost of the yellow journals, and they will continue to be obtainable at the old, easy figure.

THE solemn declaration that Secretary Gage has "some very pronounced views as to financial legislation" will hardly cause that gentleman to be regarded as an eccentric prodigy.

A prominent German statesman wants the importation of live horses from America stopped; he likewise objects to those introduced under the auspices of Phillip D. Armour.

THE continually reiterated announcement that the cases of Yellow Jack, in New Orleans, are very mild, are evidently received very much as is the dentist's preliminary assurance that it won't hurt.

THE indications are that Mr. Low will find his talents considerably more available in a college presidency than in politics. There are other people besides fools who rush in where angels have not exactly beaten a pathway.

THOSE who stampeded to the gold fields expecting to pick up nuggets of gold in the dark, have picked up many nuggets of experience, all one hundred per cent fine, and are now stampeding back to the land of firewood and rations.

THE price set upon the head of Prospero Morales by the President of Guatemala suggests that the growing of insurgent leaders at a hundred thousand ahead should be an exceedingly profitable industry in that little republic.

THE decision of Attorney General McKenna, which allows New England to get imports via the Canadian Pacific without extra duty, will raise the temperature of her welcome to the presidential party several degrees. She is prone to be cordial for a consideration.

THE arrest and imprisonment of two more women in Havana should prove a veritable windfall to the World and Journal. We may expect to learn from the Journal that they are high-born, innocent, beautiful as Venus and talented as de Stael and are languishing in a loathsome dungeon where they are uniformly tortured three times a day, while the World will simultaneously declare that they are old, ugly, vicious and are only detained in a private residence for a few days. Great are the penny venders of sewage.

GOVERNOR O'FERRALL has spread himself over six good columns of newspaper space in another reply to Senator Daniel. The reply will neither benefit the Governor's reputation nor raise the common estimate of Virginia statesmanship. It is deplorable that two able men like Daniel and O'Ferrall cannot discuss public matters without descending to personalities. In the heat of debate on the stump such things may be pardoned to the passion of the moment, but when a senator or a governor poisons his arrows deliberately in cold type, it is neither edifying nor excusable.

GENERAL NEWS IN A NUTSHELL.

Frederic Bancroft, the magician, died at Charleston, S. C.

Treaty relations have been established between Japan and Chili.

The drought greatly damaged the crops in the Norfolk trucking section.

A New York firm has completed three carriages for Vice-President Hobart.

The new German ambassador will arrive in Washington during the latter part of October.

Owing to an increase in the wages of journeymen, the price of horse shoes has been advanced in New York.

The Central Labor Union of New York will, it is reported, request the indictment of the tax commissioners of the city.

General Paiz, leader of the rebellion in Nicaraugua, committed suicide soon after being captured by the government troops.

The Guatemala rebels have defeated the government troops several times at Quezaltenango and have captured the City of Retalhuten.

There are now four colored army chaplains, the last to be appointed being Rev. W. T. Anderson, assigned to the Tenth Cavalry.

Raymond Bushrod, colored, was lynched at Hawesville, Ky., for feloniously assaulting Maggie Roberts, aged fourteen years.

The Treasury Department has adopted the views of the Attorney-General as expressed in his recent opinion against the collection of discriminating duties.

In the Luetgert murder trial, Chicago, Mary Siemering, with whom Luetgert was alleged to be in love, testified that the accused and his wife lived happily together.

The silver democrats of New York last night nominated Henry George for mayor. This greatly complicates the situation and will probably lead to new developments in the race.

The steamer Admiral Gervals took fire at Ufa, in Southeastern Russia, while the passengers were asleep. A panic ensued, in which many persons jumped overboard and were drowned. Others were burned.

Secretary of the Treasury Gage will discuss currency revision in his annual report. He has pronounced views, which may bring him into conflict with the monetary commission, unless they reach an agreement.

Col. Baldomero Acosta, an insurgent officer, who is said to have entered Havana in disguise, was arrested on board the American steamer Concho as she was leaving Havana. Two young ladies have also been arrested as rebels in Havana.

The Pope has notified the Spanish government that the excommunication of Senor Reverter, minister of finance will not be withdrawn unless it shall appear that the property which he is alleged to have confiscated did not belong to the church.

The fear that Tammany may nominate a silver man for mayor of Greater New York is making possible the withdrawal of Seth Low from the independent ticket and the union of anti-Tammany forces on a republican candidate agreeable to all factions of that party.

Gen. Stewart L. Woodford, the newly appointed United minister to Spain, has arrived at Madrid from San Sebastian. It was reported in Madrid that in case Spain rejected the offer of the United States to mediate in the matter of Cuba the United States government would suspend diplomatic relations with Spain and withdraw its minister.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at C. E. Holton's drug store.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervogs system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it, Sold for 50c or $1.00 per bottle at C. E. The People's Five Cent Savings Bank is still growing and its business steadily increasing. Since the first of this year their deposits have increased about twelve thousand dollars. Managed by men of first-class business ability, and strictly fair dealing, this bank will continue to grow.

Prof. John Humphries came down from Winston today, where he has been leading the singing at the Lee meeting there. He says last night they had the biggest and best meeting of the series. Prof. Humphries is pleasantly remembered as having had charge of the choir at the recent tent meetings in this city. He will spend to-night here and go to his home in Lynchburg tomorrow.

W. F. Trogden, who has returned from a trip through South Carolina, Georgia, Alabama, and Florida, advises everybody to get health certificates before leaving home and to have same signed or stamped by the ticket agent in every town where they stop. He says also that there is considerable small pox in Alabama and Georgia and it is best to be vaccinated before entering either of those states.

Out in the neighborhood of Warnersville, late yesterday afternoon, three little negroes were riding in a cart, drawn by a horse—or the frame of a horse—when, driving too near the edge of a deep ditch, the whole outfit toppled over—horse, cart, negroes and all—into the ditch. The horse fell on his back, with his feet in the air, and the little boys were under the cart. Strange to say, nothing was broke, and the horse and boys were pulled out unhurt.

Three Dollars to Boot.

Mr. John Zeverly tells a 'possum dog story that is a scorcher. He says since crops have been laid by and 'possums have gotten ripe in South Fork townsnip, there is little demand for horses and a great demand for possum dogs. So much so that a man who tried to swap his horse for a possum dog a few days ago, was asked $3 to boot. Mr. Zeverly is thinking of starting a possum dog farm.—Winston Journal.

Carriers Not Admitted.

Boys did you read what Matthews, Chisholm and Stroud said to you yesterday? If not then read it today. Our carriers are not eligible to the contest because they know where all the papers go and it would not be fair to others for them to compete. So pitch in and be sure that nobody will have the advantage of you; the boy who works hardest will win. You only have one week so begin at once.

OTHO'S "HAYSEEDER."

A Sizzling Time in Store for Butler and Russell.

S. Otho was in Winston yesterday to make a contract with M. I & J. C. Stewart to print the "Hayseeder," Mr. Wilson's paper, which he proposes to revive at once. From an interview with the Sentinel man we clip the following extract:

"In conversation with a Sentinel representative Mr. Wilson said that his paper would be redhot. That he knew a whole lot about the status of affairs in the political arena of North Carolina and he proposes now that the dear people should have the benefit of it.

"He says that one of the first duties he will perform with the columns of the "Hayseeder" will be to kill Senator Butler with charges that have been made against him (Butler) by Governor Russell and also kill Governor Russell with charges made by him (Russell) by Senator Butler. All this redhot "shot and shell" which Mr. Wilson has stored away for his arch allied enemies' destruction is composed of things told him by Russell and Butler before the two became such affectionate political bedfellows.

"Judging from the tone and air of assurance manifested by Mr. Wilson he must have "the doss" on his two persecuters who are trying to turn him out of his office of Railroad Commissioner. He evidently hopes to get the house of the enemy divided against itself and save his own official head."

Governor Russell on The Situation.

J. K. Freeman of Columbia, S. C., has given to the Washington Post the following account of an interview with Governor Russell:

"There can be no doubt about the State in the future,' said the Governor to me, 'for the Republicans will carry it at the next elections, and I believe at all succeeding elections, by an overwhelming majority.' Continuing, the astute politician boasted of the strength of the Republican party, declaring that they no longer needed the help of the Populists to win out in the battle of ballots. He added that of course the Populists would, without doubt, continue to assist the Republicans, but that their votes would only tend to increase the majority. He declared that the Democratic party was broken up into factions, and could not hope to win the State in their present condition."

To Kick the Life Out of Charlotte.

Reports come from Greensboro to the effect that the Athletic Association's football team has reorganized for the fall campaign, and foremost among the issues to be the defeat of Charlotte's champion Y. M. C. A. eleven.

The team here has not been called together as yet, but a meeting is to be held soon and steps taken toward reorganization.

One of Charlotte's hardest fought games, and the last one of the season of '96 was with Greensboro. The "Red and Black" will no doubt be anxious to meet their old "crimson" rivals on the girdiron again. Besides being artists of the first-class, the Greensboro "Feet Ball" team is composed of a clever set of boys. Says the Charlotte Observer.
